The Future of Data Analysis
A Conference in Honor of Jon Kettenring

September 30, 2005

PROGRAM

8:30 AM	Registration

9:00 AM	Welcome and Introductions
	   Alan Karr, NISS
	   James Landwehr, Avaya Labs Research

9:15	**Session I** (Moderator: Vijay Nair, University of Michigan) Jon Kettenring, Drew University: *Clusters*
10:00	Break
10:30	**Session II** (Moderator: Lorraine Denby, Avaya Labs Research) Colin Mallows, Avaya Labs Research: *Tukey's Paper after Forty Years*

11:15	*Discussion*
	   Andreas Buja, University of Pennsylvania
	   James Landwehr, Avaya Labs Research
	   Daryl Pregibon, Google

12:00 N	Floor Discussion
12:15 PM	Lunch
1:30	**Session III** (Moderator: Lee Wilkinson, SPSS) Sid Dalal, Xerox: *The Promise and Challenge of Mining and Modeling of Data at Xerox*

Diane Lambert, Google: *Dynamic Thresholds: Monitoring Streams of Network Counts Online*

David Madigan, Rutgers University: *The Power of the Prior: Harnessing Extra-data Sources in Predictive Modeling*

3:00   Break

3:30   **Session IV** (Moderator: Bill Williams, Hunter College)

     Sallie Keller-McNulty, Rice University: *Reliability Reloaded*

     Alan Karr, NISS: *Analysis of Integrated Data without Data Integration*

4:30   Floor Discussion and Closing Remarks
     Moderator: Alan Karr, NISS

5:00   Conference Adjourns

5:30   Cocktails: Tre Vigne Ristorante (Basking Ridge, NJ)
     Dinner served at 6:30
     Remarks and Presentations to Follow
