NISS Events

ITSEW 2009: The Concept of Total Survey Error-Uses and Abuses. June 14-17, 2009, Green Hotel, Tällberg, Sweden. ARA ELIGIBLE.

Details: <http://www.niss.org/ITSEW/2009/itsew2009home.html>

SAMSI Summer Program

The SAMSI 2009 Summer Program on Psychometrics will be held on July 7-17, 2009. The goal of the program is stimulate collaborations between researchers in the psychometric and statistical communities leading to a well-defined, concrete list of specific research directions that will facilitate methodological development in related psychometric/statistical models.

The first week of the program of the program will be devoted to extended, tutorial-style talks during morning sessions, and contributed and invited research talks during the afternoons. During the second week, three working groups will convene to discuss current, practical applications of methodology presented during the first week of the program. These working groups will focus on (a) the analysis of patient reported outcomes (PROs), (b) journal and grant peer review, and (c) cognitive diagnostic models.

Details: <http://www.samsi.info/programs/2009psychometricsprogram.shtml>

Application Deadline: June 19, 2009

SAMSI Events

2008-09 Program on Sequential Monte Carlo Methods: Adaptive Design, Sequential Monte Carlo and Computer Modeling Workshop, April 15-17, 2009. ARA ELIGIBLE.

Details: http://www.samsi.info/workshops/2008smc-adaptive_design200904.shtml

Registration and Hotel Reservation Deadline: March 27, 2009

2008-09 Education and Outreach Program: Interdisciplinary Workshop for Undergraduates, May 18-22, 2009. ARA ELIGIBLE.

Details: <http://www.samsi.info/workshops/2008ug-workshop200905.shtml>

Application Deadline: April 3, 2009

2008-09 Program on Algebraic Methods in Systems Biology and Statistics, Transition Workshop, June 18-20, 2009

Details: <http://www.samsi.info/workshops/2008algebraic-transition200906.shtml>

Application Deadline: June 5, 2009

Hotel Reservation Deadline: June 3, 2009

IMSM 2009-Industrial Mathematical & Statistical Modeling Workshop for Graduate Students: July 20-28, 2009, at North Carolina State University

Details: <http://www.ncsu.edu/crsc/events/imsm09/>

Application Deadline: April 15, 2009

Co-Sponsored Events

23rd New England Statistics Symposium, April 25, 2009, University of Connecticut, Storrs, CT. ARA Eligible for those not attending affiliates annual meeting; covered by NISS for those attending affiliates annual meeting.

Details: <http://www.stat.uconn.edu/ness09/reg.htm>

Symposium on New Directions in Asymptotic Statistics, May 15-16, 2009, The Georgia Center, Athens, GA. Hosted by the Department of Statistics, The University of Georgia. ARA ELIGIBLE.

Details: http://aaron.stat.uga.edu/news_events/symposium09/index.html

Southern Regional Council on Statistics Summer Research Conference, June 7-10, 2009, Jekyll Island, GA. Hosted by The Department of Biostatistics and Bioinformatics at the Rollins School of Public Health, Emory University. ARA ELIGIBLE.

Details: <http://www.sph.emory.edu/srcos2009/>

Undergraduate Event at U. of CA - Berkeley

Explorations in Statistics: An Undergraduate Summer Program

University of California, Berkeley

June 13-20, 2009

<http://www.stat.berkeley.edu/~summer/>

Deadline to apply: April 6, 2009

Over the course of our seven-day program, we will explore scientific questions using statistical approaches ranging from simple summaries to more sophisticated modeling approaches.

Through computer labs, students will receive a basic introduction to statistical computing, providing them with the skills to perform fundamental data manipulations, conduct exploratory analyses and create informative visualizations.

All program participants' round-trip travel to Berkeley and their room and board will be paid by the program. Explorations in Statistics is sponsored by the National Science Foundation.

Student applications available at:

https://www.surveymonkey.com/explorations_in_statistics_research

Reference forms available at:

https://www.surveymonkey.com/explorations_in_statistics_research_reference

All undergraduates are eligible. Women and underrepresented minorities are strongly encouraged to apply. Students entering the junior or senior year in Fall 2009 will be given preference.

Opening Workshops for SAMSI 2009-10 Programs

Program on Stochastic Dynamics: August 30 - September 2, 2009. ARA ELIGIBLE.

Program on Space-time Analysis for Environmental Mapping, Epidemiology and Climate Change: September 13-16, 2009. ARA ELIGIBLE.
