My professional accomplishments

My professional accomplishments

Research:

My professional accomplishments

Research:

- Statistical learning, *with applications*

My professional accomplishments

Research:

- Statistical learning, *with applications*
- Funding from NIH and NSF since 2011

My professional accomplishments

Research:

- Statistical learning, *with applications*
- Funding from NIH and NSF since 2011
- 9 PhD students completed; 7 are TT faculty. 4 of 4 completed postdocs are TT faculty.

My professional accomplishments

What I've Learned

What I've Learned

What I've Learned

- You are your own worst critic. Make a choice to be less critical.

What I've Learned

- You are your own worst critic. Make a choice to be less critical.
- Your papers will never love you back. Invest in your personal life!

What I've Learned

- You are your own worst critic. Make a choice to be less critical.
- Your papers will never love you back. Invest in your personal life!
- You don't need to get all your mentoring from one person.

What I've Learned

- You are your own worst critic. Make a choice to be less critical.
- Your papers will never love you back. Invest in your personal life!
- You don't need to get all your mentoring from one person.
- Nobody else knows what they're doing, either.

What I've Learned

- You are your own worst critic. Make a choice to be less critical.
- Your papers will never love you back. Invest in your personal life!
- You don't need to get all your mentoring from one person.
- Nobody else knows what they're doing, either.
- If you're not (mostly) having fun, you're doing it wrong.

What I've Learned

- You are your own worst critic. Make a choice to be less critical.
- Your papers will never love you back. Invest in your personal life!
- You don't need to get all your mentoring from one person.
- Nobody else knows what they're doing, either.
- If you're not (mostly) having fun, you're doing it wrong.
- Successful people are the ones who keep at it for long enough.
